## PRESIDENT HINTS TAX CUT COMPROMISE

### Rockefeller Is Sworn In As Governor

Several Others Also Inaugurated On New Year's Day

By The Associated Press  
A leading but unannounced contender for the 1964 Republican presidential nomination and an off-mentioned darkhorse candidate for GOP standard-bearer were among several governors sworn into office New Year's Day.

Gov. Nelson A. Rockefeller of New York, one of the foremost possible presidential selections of the GOP, began his second term of office.

George W. Romney, a dark-horse GOP choice, was inaugurated to serve his first term as Michigan's governor.

Romney said he did not have "an eye to greener pastures somewhere else."

Here is some of what they and other governors said in their inaugural addresses:

Rockefeller, 54, called for fiscal integrity in government.

"I believe that political leaders have the affirmative duty ruthlessly to prune out wasteful and nonessential expenditures of the taxpayers' money," Rockefeller said.

"We must strive even more ceaselessly" to extend opportunity and dignity to "every member of all groups in our society, no matter what his race, color, religion, origin or status."

Romney, 55, pleaded for an end to "the cold war that has been hindering our state's progress."

"Our troubles have focused the national spotlight on Michigan, and solving these troubles will focus the national spotlight on these solutions," Romney said.

"Concentration on the job at hand, not campaigning constantly for re-election, and dedication to that job, without an eye to greener pastures somewhere else, are other basic tenets of conscientious public officials. As governor these will be my guides."

Rhode Island—John H. Chafee, 40, Republican, first term: "Industrial growth with the resulting increase in jobs is the most important single problem facing our state. Every bit of its energy will be devoted to solving this problem."

New Mexico—Jack M. Campbell, 46, Democrat, first term: "I shall do my best to merit the confidence you have placed in me."

### City Police Investigate 4 Complaints

Paul Deland of 491 Benton Road reported to police that his 1957 Chevrolet was stolen from behind the Terminal Tavern between 1:15 a.m. and 3:24 a.m. Tuesday.

Police were informed early today that the car was recovered by the owner on Black Road, two miles south of Lisbon.

Stanley Strojek of 550 S. Union Ave. reported to police Tuesday night that someone broke into his home and stole several bottles of beverage. Entrance was gained by breaking a window in the kitchen door, he said.

Two cases of vandalism to parked automobiles were reported to police Monday.

Harry Phillips of Depot Road complained to police that while his station wagon was parked in the rear of Paulin and Shook's station on E. State St. between Dec. 17 and Dec. 27, an air rifle shot went through the rear windshield, breaking the window.

John Dailey of RD 1, Columbiana, told police that some person or persons dug deep scratches on his car which was parked at 121 N. Ellsworth Ave. Monday afternoon.

### TWO AUTOS COLLIDE

Cars driven by John Hawkins, 24, of 410 E. Lincoln Way, Lisbon, and John H. Blanchard, 17, of RD 1, Kensington, collided Monday at the intersection of Rts. 30 and 9 in Kensington, Hanover Township. Constable Roy Painter said today,

The daughter born at Salem City Hospital at 7:43 a.m. Tuesday to Mr. and Mrs. Robert Sudimak of North Jackson had no trouble claiming honors as the first baby of the new year. There were no other challengers.

The five pound, 12½ ounce youngster—as yet unnamed—was the only New Year's Day baby here. The Central Clinic reported no births yesterday. The Sudimaks are the parents of five other children, four girls and a boy. The father is employed as a dispatcher for the White Star Trucking Co.

### County's 1962 Traffic Toll of 30 Is Increase

Thirty persons died in traffic accidents in Columbiana County during 1962, eleven more than the previous year's traffic toll of 19.

The 1962 total is even higher than the 26 of 1960 and the 28 toll for '59.

Of last year's 30 victims, 17 lost their lives in accidents during the first six months.

The Salem district had at least three multiple fatalities. A grade crossing crash on the Rt. 45 Lisbon road claimed the lives of Mrs. Lawrence Clewell and three of her children last March 4 and another Rt. 45 accident proved fatal to Mrs. Ward Greasel and her two-year-old daughter on May 19. In another accident on a township road east of Salem, David and Frank Kalbfell, brothers, were killed when struck by a car as they walked along the road.

The first fatality last year was a man who was not even on the highway. He was a patron in a Hanover tavern, who was killed when a car plunged into the building, pinning him.

The city of Salem went through another year — its fourth — without a pedestrian fatality.

### Cubans Hail Anniversary Of Fidel's Rise

HAVANA (AP)—Beating conga drums and frying pans, hundreds of revolutionary faithful kept Havana awake through the night with an early start on the fourth anniversary celebration of Fidel Castro's rise to power.

Truckloads of Castro sympathizers rolled through the streets sounding their horns and beating out Caribbean rhythms in advance of a military parade and a mass rally at which Castro was to speak.

Ceremonies launching the anniversary festivities took place in the presidential palace Tuesday night, with Soviet cosmonaut Pavel Popovich, one of the space twins of last August's dual orbit, as the main attraction.

In Moscow, the Communist party newspaper Pravda published an anniversary editorial emphasizing Soviet support of the Castro demands voiced during the October crisis, one of which calls for American withdrawal from the U.S. naval base at Guantanamo.

School resumed today for pupils in Salem Public Schools after an 11-day holiday recess.

End of the first semester will be Jan. 25. The second semester will begin Jan. 28.

### 2 Boys Die As Fire Destroys Dormitory

College In Wickliffe Stunned By Deaths; 65 Others Saved

WILLOUGHBY, Ohio (AP) — Two panic-stricken boys, trapped on the top floor of a burning wooden dormitory, died because they were afraid to jump to safety with their two roommates. The roaring fire that destroyed the dormitory at the Rabbinical College of Telshe in Wickliffe Tuesday routed 65 others. Many leaped out of windows of the 2½-story building.

One of two students injured in a jump was Victor Sabo, 14, of Los Angeles, who suffered a broken ankle. Two of his roommates—Jacob Jundef, 12, of Cleveland, and Sidney Gluck, 13, of Cleveland Heights — perished on the second floor.

Sabo said he urged the younger boys to jump after him but they were too frightened. The fourth roommate, an older boy, leaped first.

"One just stood there screaming," recalled Sabo. "The other ran into the hall, trying to reach one of the fire escapes at the end of the building."

Firemen found the badly charred remains of the two boys in the basement rubble. One body was on a mattress, the other about 25 feet away. Identifications were made through dental work.

Dr. Harry Killian, a deputy coroner, ruled that Jundef suffocated in his room and Gluck burned to death in the hall.

He theorized that smoke and flames choked Gluck's escape route as the boy tried unsuccessfully to reach a fire exit.

Firemen arrived shortly after 4:30 a.m. and found the 75-year-old building in flames. "It was burning like a torch," was the way Wickliffe Police Lt. William Blewett described it.

The flames consumed everything but four 30-foot chimneys and the fire escapes. Fire Chief David Marinello of Wickliffe estimated damage at \$40,000. He said the blaze began in a corner of the first floor, but exact cause was still under investigation.

Telshe, founded in Lithuania in 1875, is considered a major Orthodox rabbinical school in this country. Its student body of 350 comes from all parts of the United States and 17 countries.

### More Talks Scheduled In Dock Strike

NEW YORK (AP)—Negotiators were called into session today for another effort to settle the dock strike which has tied up shipping in ports from Maine to Texas.

Representatives of the AFL-CIO International Longshoremen's Association and the New York Ship Association were reported far apart on contract issues when the talks were recessed Monday.

Secretary of Labor W. Willard Wirtz, who is mediating in the dispute, said there were some signs of understanding between the two sides. The strike of 60,000 dock workers on the Atlantic and Gulf coasts is in its 11th day.

The contract terms reached here between the union and the shipping association, which represents 145 ship and stevedoring companies, traditionally have set the pattern for agreements on other ports.

The union and the employers appear willing to submit the issue of the size of work gangs to a study panel after other contract issues are settled. The industry wanted the work gangs cut from 20 to 17 men in line with gradual automation. This was a key issue at the time the strike started.

The union seeks a package of 50 cents an hour, including 26 cents in wages, over two years. The industry has offered 22 cents an hour in wages over two years. The basic pre-strike wage was \$3.02 an hour.

### Army Officer Killed by Reds

Five U.S. Copters Downed In Viet Nam

SAIGON, South Viet Nam (AP) — Communist guerrillas shot down five U.S. helicopters today, killing an American Army officer and wounding three other American servicemen.

It was the Viet Cong's biggest victory against the American-manned helicopters flying government troops into battle.

The Communists stood ground and fought back against relays of fighter bombers striking at them in the Mekong River delta instead of running for cover as they usually do after an attack.

Hours after the helicopters were downed the fighting was reported still raging 50 miles southwest of Saigon with wave after wave of guerrillas attacking in an attempt to destroy the downed aircraft or strip them of machine guns.

The three wounded American servicemen—two of them reported in serious condition—were evacuated to a hospital. The officer was taken from the battle area while still alive. He died later.

Communist groundfire hit more than 10 U.S. Army helicopters but brought down only five.

Reports of ground action were vague, but sources said fighter bombers were first called into action in mid-morning, a few minutes after eight helicopters were hit as they moved in to land troops at an objective near the delta town of Vinh Long, 50 miles southwest of Saigon.

Ten fighter bombers were sent into action, and military sources indicated they would continue sorties until dark.

Two of the helicopters hit were escort craft armed with rockets and machine guns. One was reported able to fly out of the area, but the other was downed.

Six other troop-carrying helicopters were hit. Four were downed but two got away.

Government forces also launched an unusually large operation a short distance from the Cambodian frontier in the province of Tay Ninh, northwest of Saigon.

Five hundred troops were lifted in by U.S. helicopters and more than 1,200 paratroopers were dropped. About 85 aircraft, including fighters, bombers, helicopters and transport planes participated.

### Council To Act On 3 Ordinances

Three ordinances introduced at the Dec. 4 meeting of City Council are scheduled to get final readings at this evening's Council session which begins at 7:30.

Up for third readings are: An ordinance calling for the retaining of Atty. John E. Baucknecht of East Palestine as special counsel to represent the city auditor in the mandamus action brought against her for her failure to pay for parking meters in use in Salem since November, 1961.

An ordinance calling for the vacating of a portion of North St. and two alleys running north from Middle Alley to North St.

An ordinance authorizing and directing the service director to advertise for bids and enter into contracts for repairs to City Hall.

### Would Return For Confabs

### Tshombe Agrees to More Congo Talks

LEOPOLDVILLE, the Congo (AP)—Moise Tshombe has agreed to return to his occupied capital for renewed dickering on Congo unification if U.N. forces halt their advance on Kolwezi where his Katangan troops are reported reassembling.

The secessionist president, in messages to diplomats here Tuesday also demanded guarantees for his safety and freedom of movement and that American, British and French consuls escort him on the last third of his journey from Kolwezi to Elisabethville, his capital.

There was no immediate U.N. reaction, but Tshombe's demand for a cease-fire on the road from Elisabethville to Kolwezi was likely to cause difficulty.

U.N. Secretary-General U Thant already has stated that Tshombe and his ministers would not be molested in Elisabethville if they refrained from stirring up trouble for U.N. forces occupying the capital.

But Robert K. A. Gardiner, the Ghanaian chief of U.N. operations in the Congo, has declared the

United Nations would not "make the same mistake again" of allowing Katangan armed forces a chance to reorganize.

He referred to U.N. military operations in Katanga in September and December 1961, which ended inconclusively.

As Tshombe's offer was received, Indian U.N. soldiers were halted temporarily at the Lufira River, 50 miles northwest of Elisabethville, by the destruction of two bridges. Emergency bridging equipment was reported en route from Elisabethville.

The Indian task force was attempting to advance through Jadotville, a midway point, toward Kolwezi, 150 miles northwest of Elisabethville, where the scattered remnants of Tshombe's guerrillas and mercenaries were reported reorganizing for guerrilla warfare.

The New Year's Day deadline set by the United Nations for Tshombe's air force to fly from Kolwezi and surrender at the U.N. base at Manono, 300 miles north of Elisabethville, passed without word of compliance or retaliatory action.

### Dies Tuesday of Coronary Occlusion

### Death of Senator Kerr To Have Vast Effects

WASHINGTON (AP) — Sen. Robert S. Kerr, D-Okl., a power among powerful men, is dead and his death is expected to have wide ranging repercussions in the White House, the Senate and his home state.

The 66-year-old multimillionaire oilman-senator toppled over Tuesday morning as he was telling a story to his physician at Doctors Hospital. He died minutes later. Death was attributed to a coronary occlusion.

He entered the hospital Dec. 16 for treatment of a respiratory infection. Doctors found evidence of a heart ailment, but had said he was making good progress.

President Kennedy, who got word of Kerr's death while flying to the Orange Bowl in Miami to see the Oklahoma-Alabama football game, issued a statement hailing Kerr's legislative career as "exceptional."

Gov. J. Howard Edmondson, whose four-year term expires Jan. 14, was shocked at the death of the man sometimes called the uncrowned king of the Senate. Also in Miami for the game, Edmondson conferred with Kennedy and said later he would return to Oklahoma City today.

Speculation arose that Edmondson would resign and then be appointed to fill the vacant seat by Lt. Gov. George Nigh.

The first Republican governor in Oklahoma's history, Henry Bellmon, is to be sworn in Jan. 14. It was anticipated that Democrat Edmondson probably would act to have the vacancy filled before then. Congress convenes Jan. 9.

Kerr's death brings the Senate lineup to 66 Democrats and 33 Republicans.

Rough hewn, with a cutting

tongue and a keen mind, Kerr rose to new heights in the first two years of the Kennedy administration. He became both a powerful friend of some presidential legislation and a powerful foe of other Kennedy proposals.

He led the forces which defeated the President's proposal for federal health insurance program financed through Social Security in the last session.

But when Sen. Harry Byrd, D-a., chairman of the Senate Finance Committee, stepped aside, it was Kerr who carried the ball much of the time to smashing Senate victory for the president's

### 52 Reserve Park Pavilions Today

Fifty-two reservations for Centennial Park pavilions for this year were made between 9 and 10:40 a.m. today at the Memorial Building, according to C. F. Tomlinson, superintendent of parks and recreation.

Pavilions 1 and 2 have been taken for all Sundays in June, July and August, but there are still some Sunday vacancies for pavilions 3 and 4, as well as week-day vacancies for all pavilions. Reservations should be made at the Memorial Building in person, Tomlinson said.

Tomlinson said persons waiting to make pavilion reservations were lined up when the janitor opened the building this morning at 7:30.

### Kennedy Ready To Settle For Slow Reduction

Plan's Aim Is To Lessen Effects on Federal Deficit

PALM BEACH, Fla. (AP) — President Kennedy, deeply worried about the fate of his legislative program in the new Congress, is ready to settle for a gradual \$5 billion to \$10 billion tax cut.

In order to compromise with powerful critics, the President has ordered the Treasury to prepare a tax bill that would bring about the reductions in several carefully spaced steps.

The aim is to lessen the immediate adverse impact on the federal budget deficit.

The President's action, learned from sources privy to Kennedy policy secrets, was influenced by the much-publicized deficit fears of Rep. Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee, and Sen. Harry F. Byrd, D-Va., chairman of the Senate Finance Committee. These two committees must approve all tax legislation.

It was understood that Kennedy agreed to the compromise approach because he believes without a reduction the nation will return to unemployment levels known only in periods of deep recession. But he hopes that if Congress accepts the tax plan the unemployment rates will drop to the lowest levels since the boom that followed World War II.

But while Kennedy is willing to try compromise on his tax program, authoritative sources said he is determined to push harder for American proposals for solving "cold" war problems—even if it means treading on the toes of sensitive allies.

Apparently emboldened by the success of the Cuban blockade, the chief executive was said to be willing now to accept criticism from abroad in order to pursue what he believes are the most promising approaches to world issues. He was depicted as accepting complaints from allies as an inevitable by-product of progress.

But there is also the problem of his legislative program's progress.

Asks Committee Boost  
The sources detailed Kennedy's concern about the impending fight to increase the membership of the House Rules Committee from 12 to 15. They also gave his analysis of why a President who rates high in public opinion polls can have great difficulty with Congress.

Kennedy concedes his entire program is lost if the 12-member Rules Committee isn't expanded to head off control by a conservative coalition and to give it a bias favoring his legislation. This committee clears bills for action on the floor.

So far as taxes are concerned, this was the picture provided by unimpeachable sources:

Kennedy believes the unemployment rate will climb above 6 per cent if his program is not accepted by Congress. But if the legislators give their approval, he expects the rate to be held close to 5 per cent and perhaps below that point.

Labor Market Flooded  
The President is particularly concerned because war babies are flooding the labor market at a time when payroll-slashing automation is gaining wide acceptance.

The peak unemployment rate of the 1960-61 recession was 6.9 per cent in March 1961. The November rate was 5.8 per cent, compared with a 1962 low of 5.3 per cent in July.

Kennedy believes his tax bill will face very tough going. Even so, it has powerful support from important business and labor union spokesmen, who concur with the President's argument that high taxes act as a drag on economic growth.

On the other side, congressional conservatives worry about the impact of a tax cut on a federal deficit that—even if the bill does not pass—is expected to run about \$6 billion in the new fiscal year that begins next July 1.

Kennedy is much concerned too,

## More 'Talk' In '63 Expected

Less 'Hair-Raising' Than '62 Predicted

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — The new year started with blood — fighting in the Congo and Viet Nam — just as 1962 started with assassinations in Algeria. Yet 1963 may be far less hair-raising, although much more talkative, than the year just ended.

If it is, it will be because 1962 turned out to be such a shocker before it was over. This was the Cuban crisis. No sign of any such crisis is in sight now. If anything, relations between the United States and Russia should be a little more sensible.

The biggest hope in the West is that the Soviet-Red Chinese partnership will split and, in splitting, cut the Communist world in half. Their relations now are strained to bursting by recriminations whose real origins no doubt run deeper than anyone here knows.

The biggest immediate problem of the West is whether Western Europe shall achieve real economic unity and whether, particularly in the case of France, it will be content to save its money by letting the United States remain its nuclear guardian.

The Algerian massacres ended at last in 1962 in independence from France for the Algerians. The struggles in the Congo and Viet Nam were going on last year, and the year before, and in one form or another will probably be there in 1964, too.

They can be lived with so long as they remain dilemmas on the fringes of the rest of the world.

What did not end until last year was almost over was the reckless — crazy is a better word — determination of communism to test the will of the United States to resist a Red push even in its own back yard.

This Russian attempt to slip missiles into Cuba was a gamble as the Soviets demonstrated by backing down when challenged. What they showed was that they positively lacked the will, and very probably the weapons for a showdown, at least then.

Premier Khrushchev cannot survive many such humiliating defeats, although in typical Moscow fashion he sought to make his withdrawal look like the act of a humanitarian.

Therefore, it can reasonably be expected he will now pause for station identification before taking another risk. He has shown signs of soft-pedaling his demands on Berlin.

After the Cuban crisis there were optimistic pronouncements out of Washington that big changes were in the making around the world. They may be, indeed. But as of now there is no evidence to support the optimism.

Khrushchev's pause can take two forms:

1. He can make tremendous effort to achieve overwhelming weapons superiority for Russia. If that could be done, it would take years. But it would also mean enormous sacrifices for the Russian people who are just beginning to enjoy some comforts.

2. He can drop his ambitions for a Communist world — at least for a time — and seek reasonable relations, perhaps even solutions, with his Western neighbors.

This will become a necessity for him if Russia splits with Red China.

Although the Cuban crisis demonstrated that nuclear chaos can happen suddenly, it seems highly unlikely that the United States and Russia will in 1963 agree to disarmament or perhaps even to an inspected ban on nuclear testing.

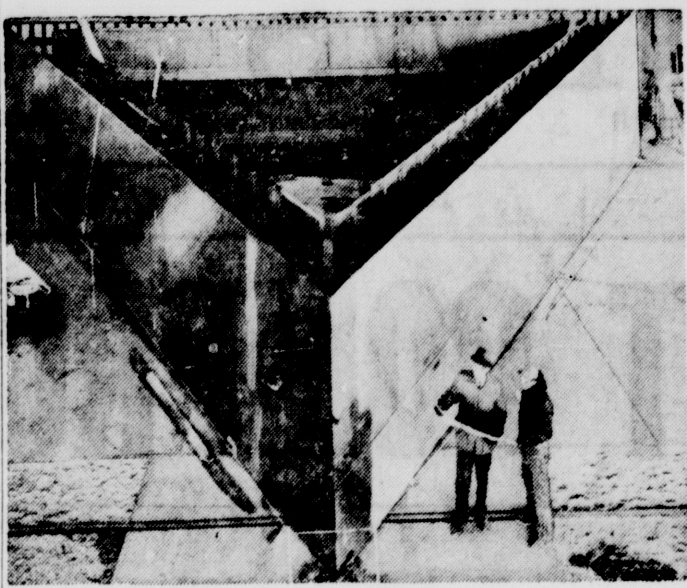

Neither is likely to strip or limit itself in weapons — even if they could otherwise agree — so long as Red China remains both hostile and unpredictable, continues to build its arms, and is not a party to agreement.

These next few years will seem extraordinarily calm and uncomplicated compared with what lies ahead when Red China develops its own nuclear weapons and begins to assert itself in a way which is too risky so long as it lacks such weapons.

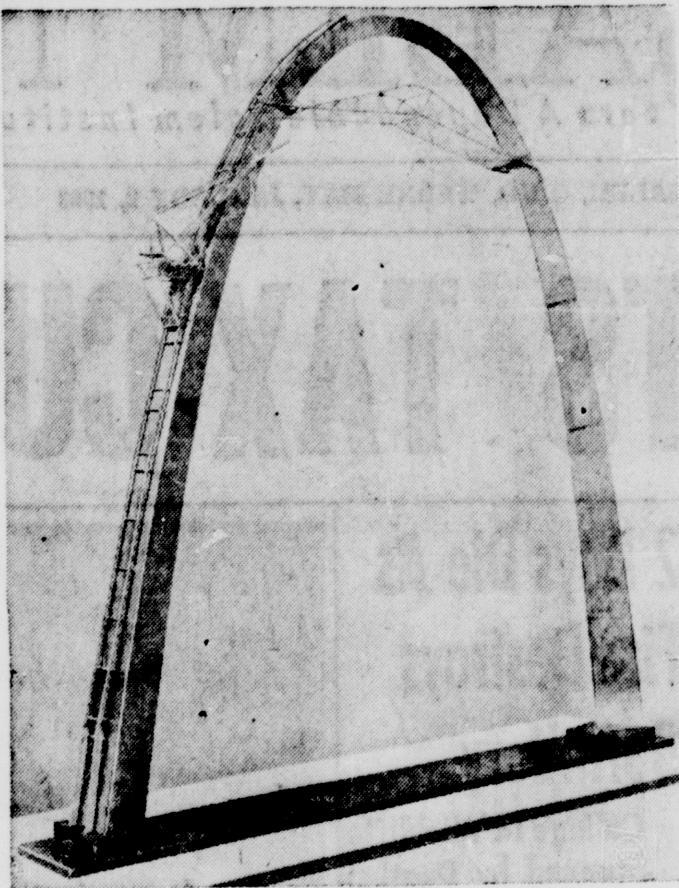

Europe — meaning Britain and France — is so far behind the United States in the development of nuclear weapons it would take years, if ever, to catch up. The United States is against their trying.

It offers itself as the loyal ally who will use its weapons to protect Europe in case of need. It suggests its allies put their money into things other than trying to build individual nuclear forces.

This has not pleased French President de Gaulle. He may resist, preferring his usual do-it-yourself system for France. This whole problem will be fermented and tortured in the debates of 1963.

**ST. LOUIS ARCH**—First 42-ton section of a stainless steel arch that will soar 630 feet above St. Louis, Mo., was completed in Pittsburgh, Pa. It is one of two sections that will form the bases of the towering arch being erected as a monument to America's westward expansion. Model of the St. Louis Arch, right, shows how crane will ride platform up each leg to lift its huge steel sections into place. Tram railway capsule cars, elevators and stairs will be installed in the core of the arch and observation portholes at the top will afford a dramatic view of the city and the Mississippi river. Arch is scheduled for completion in the fall of 1964.

## Khrushchev Facing Rough Time In 1963

By PRESTON GROVER  
MOSCOW (AP) — Premier Khrushchev has just finished the worst year he has had since Stalin, and he is due for a tough year ahead.

The thing that made 1962 so bad for him was the same island—Cuba — that made 1961 bad for President Kennedy.

Cuba put Premier Khrushchev on the defensive in the cold war and in the equally troublesome battle for leadership in the Communist camp.

In the Soviet Union he put the best possible light on the Cuba fiasco. It has been pictured not only by the premier himself but in dozens of newspapers and magazines as a victory for Khrushchev. They say he saved mankind from a nuclear war the Americans were ready to force on the world if the Soviet Union had not acted.

The story is believed here, to some degree, but not completely. One of the troublesome items is the split with China. Soviet people don't know much about it yet, but they are beginning to under-

## New Expense Account Laws Go Into Effect

EDITOR'S NOTE:—The day is past when Uncle Sam foots the bill for shows, pleasure boats and lavish "dining-out" disguised as business costs. Proof must replace "reasonable estimates" of outlays for business travel, entertainment and gifts. This is the first of three articles on the new tax regulations.

By STERLING F. GREEN  
WASHINGTON (AP) — Before bedtime on this first business day of the new year, several million Americans will be jotting down entries in a brand new 1963 expense diary.

Many are grumbling about this daily ritual inflicted on them by Congress and the Internal Revenue Service.

Comparatively few know, at this stage, exactly what's expected of them under the new law passed by Congress to squeeze the fun and profit out of "expense account living."

The IRS regulation which spells out the new rules for "T & E"—which is lawyers' shorthand for tax-deductible outlays for travel, entertainment and business gifts—took effect Tuesday.

The Internal Revenue commissioner, Mortimer M. Caplin, calls it "reasonable and practical." He also says it is "quite demanding"—stiff enough to "make expense account living a thing of the past."

Most taxpayers needn't worry. Only one out of 10 is affected—the one who claims I & E deductions on his income tax returns.

Just what this paperwork must cover still isn't definite. The IRS is writing still more rules and will issue the next batch of regulations in February.

For a starter, here are basic guidelines:

Every taxpayer who expects to

stand that China is challenging the Soviet Union for leadership in the Communist camp.

But after all, China is far away. What hits closer to home is the continued difficulty with the economy.

Every Soviet citizen knows about that. He meets it across the counter in the butcher shop, where fresh meat is extremely scarce. He sees a few tomatoes on the open market. A pound can cost a skilled mechanic a day's wages.

Soviet authorities have not been able to conceal the hard fact that while production is increasing, it is not increasing as fast as it should. That is especially true in agriculture.

The top party leaders bewail lack of enthusiasm for hard work on the part of farmers and shopworkers. The zeal to work for the revolution has diminished. When things get bad people may pack up and quit.

All these things put new troubles on the back of Premier Khrushchev, and it can't be forgotten he is approaching 70.

of such spending.

There is no arbitrary ceiling on travel or entertainment costs — you can deduct them if you can prove them. But they must be "directly related" to a business purpose, not just a general bid for business good will.

There is, however, an arbitrary limit for business gifts. Your presents can be as costly as you please, but you cannot take a deduction for more than \$25 in gifts to any one recipient in any one year.

And if you spend \$25 or more on a single item of travel or entertainment cost, you must keep a receipt or voucher to show the tax man if he demands it.

You must maintain a diary account book, expense statement, or other record to show all T & E outlays big or small. The entries must be made within a day or two of the expenditure, and must contain these substantiating details:

1. The amount.
2. The time and place of travel or entertainment, or the date and description of a gift.
3. The business purpose of the outlay.
4. The business relationship to you of the person entertained or given a present.

There are a multitude of further rules, details, instructions, exceptions and elaborations. Some of these represent important changes from the tentative T & E regulation issued by IRS Nov. 8. That preliminary order was so severe that it brought hundreds of outraged businessmen pouring into Washington to give battle.

IRS softened the final regulation. For instance, it boosted from \$10 to \$25 the expenditure for

which receipts or vouchers must be kept as proof.

But Caplin recognized that it would be asking the impossible to make taxpayers start toeing the mark as of Jan. 1, even though the regulation will apply to the full 1963 tax return.

Accordingly, he granted a 30-day "familiarization" period. Revenue agents were instructed to allow "reasonable tolerances" for this one month, for taxpayers who make a good-faith effort to comply as rapidly as possible.

For the thousands of business firms which face mechanical difficulties in changing their bookkeeping, a 90-day grace period is given to companies which try in good-faith to achieve the earliest possible compliance.

This will afford time for corporations to prepare, print and distribute new forms and instructions for employees and branches around the world, re-program their electronic business machines and arrange for the handling and storage of bales of vouchers, receipts and expense statements which must be kept to satisfy the new vigilance of Uncle Sam.

Next: How to prove tax-deductible travel costs.

# The Doctor Says

By Dr. WAYNE G. BRANDSTADT  
Health Questions And Answers

**Q—My wife has sinusitis. A friend has recommended that I treat her with vapor containing triethylene glycol because he claims that this will kill airborne germs. Do you agree?**

**A—Of all the vapors used to kill airborne germs triethylene glycol is probably the best. It finds its greatest usefulness in preventing the spread of airborne diseases from patient to patient in a hospital. Even here, however, it has serious limitations.**

The simplest and best measure for removing air contaminants in the home is ventilation from open windows. Unfortunately, there is much more to the treatment of sinusitis than providing a supply of fresh air.

If the condition has persisted for more than two or three weeks it is necessary to make sure proper drainage from the sinuses has been established. Obstructions to normal breathing through the nose must be removed and allergy ruled out or, if it is present, treated. Before you consider buying a vaporizer to sterilize the air in your home, your wife should have a thorough check-up by a nose and throat specialist.

**Q—Does the strontium chloride in a certain brand of toothpaste have any connection with the strontium-90 in radioactive fallout?**

**A—Strontium is a metal that is similar to calcium. It is harmless, but according to the American Dental Assn. it is doubtful if it has any useful action on the teeth or gums. Its radioactive isotope is not used in the manufacture of any article for sale to the public.**

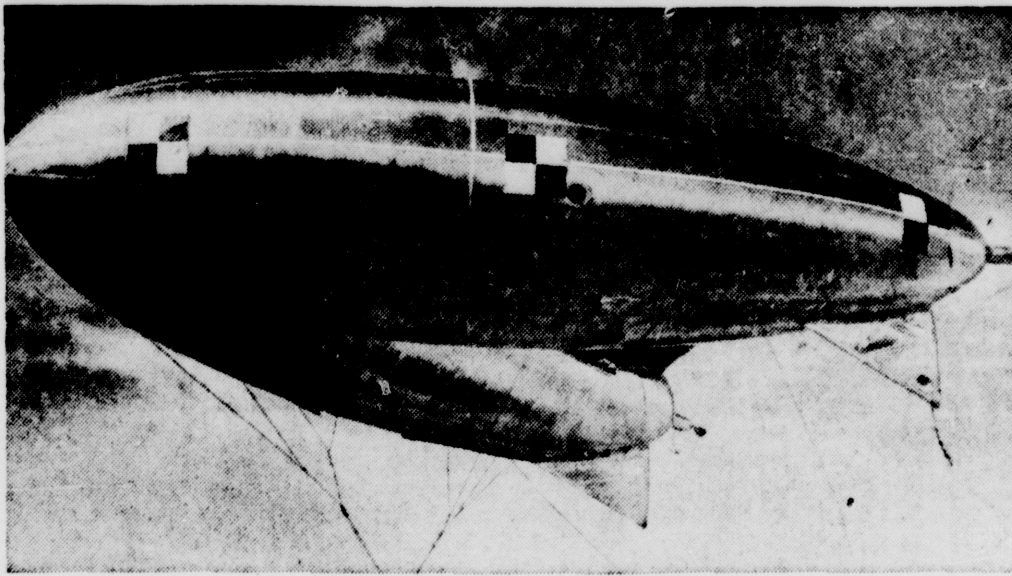

**Q—I have been cured of a duodenal ulcer. Must I continue indefinitely on an "ulcer diet"?**

**A—The food eaten does not cause the ulcer in the first place, so when the ulcer is healed a gradual return to a less restricted diet can be made. Nevertheless, foods that have coarse indigestible skins should be peeled because of the generally irritating effect.**

Another reader asks whether after having a peptic ulcer for three months he may have a bottle of beer. Alcohol in any form will aggravate an ulcer that has not completely healed. If it is known that complete healing has taken place one beer would not cause a recurrence. "Moderation in all things," however, applies with added force to persons who have had ulcers.

**Q—When a woman has had her uterus and one ovary removed does this throw her into the change of life or will she have the change in her forties as she normally would without the operation?**

**A—When both ovaries are removed the menopause or change**

**TETHERED TWINS**—Like two silver cigars fused together at one end, weird inflatable structure above—the Vee-Balloon—has been developed by Goodyear for supporting scientific instruments above ground. The 27-foot-diameter balloons, made of a new type polyester fabric, fan out from their tips until they are 80 feet apart at the separated end. Inflated with helium, the structure is tethered to the ground and can hold equipment aloft for long periods in almost any weather.

starts in at once but if only one ovary is removed and a functioning ovary remains the change will not occur until the usual time.

**Q—What is the oldest recorded age that a woman has given birth to a child?**

**A—Although this is a most unusual case, a woman gave birth to her 23rd child when she was 63 then kept right on menstruating. With the cessation of menstruation the childbearing period is over. But, because the menopause is a gradual process often with gaps of three or four months between periods, many a woman who thought her menopause was complete has given birth to a "change-of-life baby."**

The fellow who is always bragging about turning over a new leaf usually loses his place completely.

**APPOINTMENT REVEALED**  
CLEVELAND (AP) — Appointment of William Vanderhout as general sales manager of the Austin Co. was announced today by Allan S. Austin, president of the engineering and construction firm. Vanderhout, assistant general

sales manager since 1961, assumes the sales responsibilities that Austin has been carrying in addition to his duties as president and chief executive officer.

## Man Pays To Get Back His Stolen Washer

DAYTON, Ohio (AP) — After his washing machine was stolen, a 38-year-old Dayton man went out looking for it.

He checked around and located one in a used furniture store which looked like the missing machine.

He talked with the proprietor, who said she had paid \$2 for it. The man checked with police who determined that the machine was, indeed, the missing one.

The man now has the machine back in his home—but it cost him \$5, records indicated. He and the store owner agreed on the price for its return.

## GOT \$100 A YEAR

HANOVERTON—Donald Sheen, 48, ousted as village marshal Monday after being found guilty of misconduct in office by Village Council, received a salary of \$100 a year instead of \$100 a month as reported in Tuesday's News. He also received \$75 a month for auto expenses.

It took the first congress in 1789 three sessions and 519 days to transact its business.

MOVE AGAINST KATANGA—United Nations troops, carrying mortars, are covered by armored cars as they move into battle position during move against Katanga at Elisabethville.

## State Department Worries About World--and Congress

By STANLEY MEISLER

WASHINGTON (AP)—The State Department, while worrying about the world, must not forget Congress.

Sometimes the public pictures the secretary of state and his men rushing about the world shoring up alliances, signing agreements, outmaneuvering Communists.

The role of Congress in all this seems obscure. To the State Department, the presence of Congress is clear and near. The department cannot do the job without the cooperation of congressmen. It maintains an extensive operation keep that cooperation.

In 1949, the department formally opened an Office of Congressional Relations, now headed by Frederick G. Dutton, assistant secretary of state.

The aim of the office is evident: to influence congressmen to support foreign policy decisions of the President and the State Department. Another aim is to keep on good terms with congressmen.

so they don't oppose State Department requests out of pique and frustration.

The recent trip of Sen. Allen J. Ellender, D-La., to Africa, and the resulting controversy, exposed for public view some of the delicate and intense relations between the State Department and Congress.

Ellender, by his remarks about Africans, embarrassed the state department. The department tried to save some face without embarrassing Ellender.

Handling congressional tours overseas is part of the work of Dutton's office.

In 1961, the office arranged 205 trips for 780 congressmen and

members of their staffs. The 1962 date Agricultural Committee, helping guide farm bills through the Senate.

On Dec. 1, in Salisbury, Southern Rhodesia, Ellender made the remarks that embarrassed the State Department.

"I have yet to meet any Africans who have the capability to run their own affairs," he said, "and I have never yet seen any area where the Africans built up anything for themselves. It is always the whites who are responsible for progress in Africa."

Perhaps the first reaction at the State Department was to slap Ellender down. But slapping down a member of Congress is a luxury no State Department may indulge in.

The Kennedy administration may need Ellender some day. In fact, he already has been of considerable service to the administration as chairman of the Sen-

ate Agricultural Committee, helping guide farm bills through the Senate.

So that State Department issued some statements noting that Ellender's views were his own and not those of the Kennedy administration.

The State Department has the primary responsibility for American foreign policy, but it can not move too far without the cooperation of Congress.

## Bids To Be Opened On City Overpass

The Ohio Department of Highways will open bids next Tuesday at 10 a.m. in Columbus on the \$1,300,000 West State St. overpass project.

The proposed 844-foot bridge over the Pennsylvania Railroad

tracks will begin at Sharp Ave. and at Jennings Ave. A detour for the duration of the project will be provided via Sharp Ave., Pershing St. and Ellsworth Ave. All legislation needed before the state could proceed with the project was completed by City Council on Thanksgiving Day morning when the lawmakers passed an emergency ordinance appropriating \$22,093 as the final portion of the city's \$65,000 share of the cost.

# The Year Ahead

By HAL BOYLE  
NEW YORK (AP)—Life in 1963 promises to be better for you and for me.

Following our usual custom at this season, we dusted off the old crystal ball, and took a long deep look at what it showed about the year ahead.

Well, the view was so optimistic that we shook up that old crystal ball again just to be sure. And

## Senior 4-H's Plan Winter Camp

Applications are being taken for the 4-H Senior Workshop to be held at Camp Aldersgate at Leesville Lake Feb. 8-10, according to Tom Rudebeck, assistant county extension agent.

The winter workshop is open to all Columbiana County 4-H members who are 15 years of age or older by Jan. 1.

A recreation and workshop program has been planned and will consist of ice skating, sled riding with indoor activities including square and folk dancing.

Discussion sessions will include race relations, dating, courtships and marriage and recreation leadership.

Included in the program will be a Negro, a southern white, a minister and a parent with teenagers.

The camp fee of \$8.50 must be paid by Jan. 21 to the Columbiana County Extension Service and will cover meals, lodging and insurance.

when the milky clabber cleared here is what we still saw:

In a gesture for world peace, Soviet Premier Khrushchev decides to let bygones be bygones and organize his own peace corps.

Each of the Soviet peace soldiers will carry to stricken countries overseas (a) a four-pound volume comparing Khrushchev favorably to Lenin, (b) a close-up photo of a Chinese opium den, (c) a rewritten version of a 1912 U.S. Department of Agriculture bulletin on how to raise more pork on fewer acres.

Salaries will go up slightly in the United States, as taxes drop to the point where the deductions in the average man's paycheck fall below his take-home pay.

Internal Revenue Service Commissioner Mortimer Caplin will then move in and say, "It is time for nonexpense account living to go."

But, receiving letters from 1,986,743 outraged wives, he will modify this to say, "Husbands will be allowed to bring home without itemization to any one wife \$25 weekly instead of \$10, so long as this is not more than one-fourth of what the average federal employee brings home to his wife. Of course, there may be exceptions, which will be explained later."

Other heartening news:

The government of Katanga will offer to pay the overdue bills of the United Nations if it is allowed to send an honor guard of troops to protect the U.N. headquarters in New York.

Mrs. John F. Kennedy's cultural

enrichment of the White House will be enhanced by the surprise gift of Harry S. Truman's old poker chips. Daughter Caroline will use them to play tiddlywinks with.

The New York Giants will refuse to play the Green Bay Packers for the National Football League pro championship unless quarterback Y. A. Tittle is assured of a dry warm day—and Jim Taylor and Paul Hornung are sidelined by arthritis.

As for most of us, we'll get a year older and wiser, a year nearer pension time—and know the pleasure of sustaining the human comedy. There'll be more people alive over 65.

Did you manage to get through 1962? Well, more fun's in view in '63.

Wait and see!

## 364 Killed Over Long Holiday

## Highway Deaths Near Record Low

Traffic 364  
Fires 83  
Miscellaneous 127  
Total 574

By The Associated Press  
The nation's traffic deaths during the long New Year's weekend today appeared to be one of the lowest for a similar four-day holiday and far below early estimates by safety experts.

Belated reports may boost the final total but the count at midnight Tuesday, the end of the 102-hour holiday period, showed 364 deaths in traffic accidents, 83 in fires and 127 in miscellaneous mishaps for a total of 574.

## Bliss Equipment Goes Into New Undersea Vessel

When the Atlantis II gets underway in the spring of 1963 to explore the unknown regions of the oceans, it will be fitted with some of the most carefully engineered equipment ever produced. The E. W. Bliss Co. of Salem had a hand in the manufacture of the equipment.

While most ocean research ships are converted from other uses, the Atlantis II was carefully planned and designed specifically for undersea exploration. The Woods Hole Oceanographic Institution and their Naval architect devoted more than five years to the planning and design of the ultimate undersea ship. As a result, the Atlantis II is reportedly unmatched in maneuverability and quietness of operation for a vessel of its type.

The engines powering the Atlantis II must operate quietly under all conditions, and provide precise control in the low speed range. Chosen for the job were two Skinner Model DM-3 Uniflow, direct reversing steam engines of three cylinder configuration, 16-inch bore and 16-inch stroke, developing 700 shp each at 176 rpm. The engines drive twin propellers through direct shafting.

Main frames and bases were fabricated and machined for Skinner by the E. W. Bliss Company's heavy equipment division in Salem. Simplicity and a minimum of moving parts are two important factors in the engines' silent, vibrationless operation.

## City Crews To Pick Up Discarded Yule Trees

Discarded Christmas trees will be picked up by city workers next Monday, Tuesday and Wednesday, Jan. 7, 8, and 9, Mayor Dean B. Cramer and Service Director James E. Feiler said today.

The officials asked that the trees not be put out on the curb lawns prematurely. Also, the mayor and service director requested that when the trees are placed outdoors for city collection care be taken to see that the trees will not be free to blow into the streets or onto neighbors' lawns.

## Food Distribution Dates Announced

LISBON — Robert Bycroft, county welfare director, said distribution of surplus foods this month will be held Jan. 14 for city relief, soldiers and sailors cases and county welfare persons.

The schedule follows:  
East Liverpool central fire station, Jan. 14; East Palestine City Hall, Jan. 15; Salem City Hall, Jan. 16; Wellsville Jaycee building, Jan. 17 and Lisbon warehouse, Jan. 18. Hours at all locations will be from 9 a.m. to noon.

ELECTED—Daniel K. Inouye, 38, of Honolulu, first Nisei elected to Congress in 1960, now has become first to be elected to the United States Senate.

fore the start of the count at 6 p.m. (local time) last Friday estimated a traffic death toll of 420 to 480.

The council revised the figure downward to 350 to 380 after analyzing the number of persons killed in the first three days of the holiday.

The record low traffic death toll for a four-day New Year's holiday was 375 during the 1951-52 period. The record high four-day New Year's traffic toll was 409 in 1956-57.

During the four-day Christmas holiday last year, 646 persons were killed in traffic accidents, 107 died in fires and 85 lost their lives in miscellaneous accidents, a total of 838.

Howard Pyle, president of the National Safety Council, said that considering the heavy toll during the long Christmas weekend, "we, engaged in safety work, are gratified that the New Year toll has slowed." He added that "we sincerely hope that this indicates a change in the traffic outlook for 1963 from 1962."

Although final figures are not available, the council has said that traffic deaths in 1962 have totaled more than 40,000 for the first time on record.

## Tax Cut

(Continued from Page One)

about other controversial items in his legislative package, notably aid to education and medical care for the aged through Social Security. Both have failed to pass two years running and an effort will be made in 1963 to "make them more palatable" or, in the words of one official, to unite their friends rather than their enemies.

**Doubt Passage Chances**  
Despite this effort, it is doubtful that Kennedy entertains much optimism about the chances of passage.

In one sense, these two measures figure prominently in Kennedy's plan for the talk that, as president, he hasn't been tremendously successful with Congress.

Despite the prodding of some supporters, Kennedy's own policy opposes a presidential declaration of war on Congress—particularly when it is controlled by members of his own party. He regards this as a losing proposition from the start and keeps in mind that a Wilbur Mills may be an obstacle to tax reduction but had much to do with passage last year of the controversial tariff revision law.

If the President could do anything about Congress, he probably would reform the seniority system that gives powerful committee posts to, in recent years, Southern Democrats or conservative Republicans. But he isn't about to recommend anything along that line, this being a jealously guarded prerogative of members of Congress.

On other domestic matters, this was a sampling of Kennedy's present thinking, as reported by very close associates:

Labor strife is a growing problem. Economic issues are more easily resolved than the problems of automation that are becoming more prominent in negotiations.

A start has been made on solving the feed grains price support problem but dairy supports present a major difficulty.

As everyone has suspected, Kennedy is prepared to run for a second term in 1964 but isn't prepared to predict the identity of his Republican opponent. While he doesn't think former Vice President Richard M. Nixon, his 1960 adversary, is dead politically, he certainly doesn't give Nixon first place among possible contenders.

Measured by economic statistics, the state of the Union this January is slightly better than a year ago. But the future is marked by more perils, and opportunities.

On foreign policy questions, Kennedy wants the overthrow of Cuban Prime Minister Fidel Castro but has no intention of invading the island, or permitting an assault by Cuban exiles. Also, he has grave doubts about French willingness to go along with multinational control of nuclear weapons and he may get together soon with President Charles de Gaulle to discuss the question.

## Hanover Constable Cited 37 In 1962

Hanover Township Constable Roy Painter made 37 arrests during 1962, he said in his yearly report to township trustees.

The constable covered 8,567 miles on patrol duty and received 563 telephone calls on official business. He also directed traffic during 38 funeral processions and 20 fire runs.

## Snow-Bound England Due For More

LONDON (AP) — Shivering southern England, buried beneath its worst snows in 82 years, braced today for another blizzard onslaught.

Air Ministry forecasters said snowstorms, harsher than those which already have wrought widespread death and chaos, might strike again today across wide areas of the south.

The threat of heavy new snowfalls increased anxiety in scores of villages short of food and is later for days by mountainous snowdrifts blocking road and rail lines.

As Britain sank deeper into winter, industry began to feel the crippling effects of the ice and snow.

More than 12,000 auto workers at Oxford and in the Midlands were idle because supply trucks couldn't negotiate the ice-glazed roads to deliver parts.

The fierce cold is costing the nation millions of pounds a day in lost working time and increased transport, rescue and road-clearing costs.

The Ministry of Transport said about 10,000 snowplows and other road-clearing machines were at work on the highways.

Southern England was a sea of snow. Not since Jan. 18, 1881 when snow drifted 15 feet high in London's Oxford Circus—has the south seen such snowfalls.

Rarely did the temperature rise above freezing anywhere in Britain Tuesday. The low in London was 29. The low for the nation was 18 at Kinloss, Scotland.

The death toll from the cold mounted. A firm figure was not available, but estimates put it at around 15.

Helicopters, the only sure way of getting across the frozen wastes, flew supplies to beleaguered families and seriously ill people to hospitals.

Thousands of troops and police toiled all day trying to hack their way through to marooned communities.

In this country, some 15,000 men and boys marched in Philadelphia's 63rd annual Mummers Day New Year's parade.

In New York City, Times Square had its usual jam of people who braved 10-degree weather to watch the lighted ball drop from the Times Tower at the stroke of midnight and the dawn of the new year.

## Firemen Extinguish New Year's Eve Blaze

Salem city firemen extinguished a blaze at 8:54 p. m. New Year's Eve in the home of Mrs. Nellie Layden of 868 E. 6th St. Draperies and a Christmas tree burned, and there was some water damage in the living room and smoke damage throughout the house. Fire Chief E. M. Bush said the exact cause of the fire has not been determined.

At 1:20 p.m. Tuesday, city firemen went to 460 Woodland Ave. when soot burning in a chimney caused a fire scare. There was no damage.

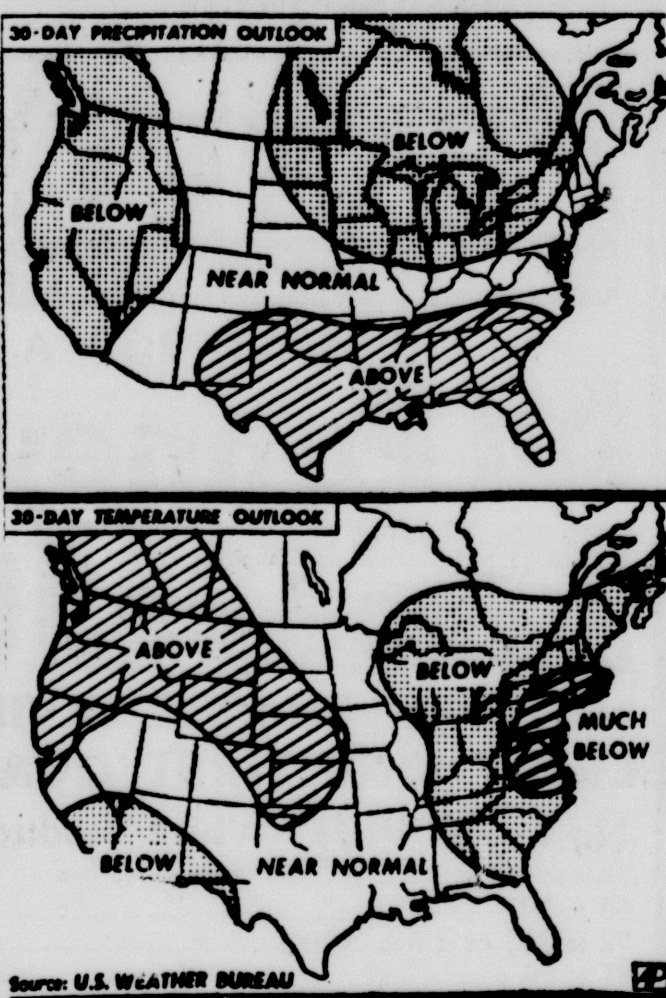

## Disabled Veterans Must File Reports

Approximately 25,000 disabled veterans and dependents of deceased veterans from the 38-county Northern Ohio area under the jurisdiction of the Veterans Administration Regional Office in Cleveland, have yet to file their annual reports for pension purposes, according to William R. Blackwell, regional manager.

These VA beneficiaries are again reminded to complete and return immediately the annual income questionnaire cards mailed with the November pension checks and received Dec. 1. Under the law, pension payments must be suspended, and overpayments later collected, if the cards are not returned by Feb. 1.

## Harry McCartney

Harry James McCartney, 70, of RD 1, Berlin Center, died of complications at 11:45 p.m. Monday at the Valley View Nursing Home at Damascus, following an illness of one month.

Born in Salem Jan. 18, 1892, the son of Elmer E. and Emma Seifert McCartney, he was a member of the Moose Lodge, Legion of the Moose, and the International Brotherhood of Pottery. He was formerly employed as a juggler by the Salem China Co. and since his retirement operated the Wilson's Grove Trailer Camp at Schillings Mill. His wife, Margaretta, died in 1960.

He is survived by three daughters, Mrs. Joyce Lippert of Leetonia, Mrs. Doris Griffith of North Georgetown and Mrs. Alma Hooper of Brewster; one sister, Mrs. Mary Patterson of Sebring, two grandchildren and one great-grandchild.

Services will be at 2 p.m. Thursday at the Stark Memorial, with Rev. Harold Deitch, pastor of the First Christian Church, officiating. Burial will be in Liberty Cemetery at Minerva.

Friends may call at the memorial tonight from 7 to 9.

## Mrs. Harry McConner

COLUMBIANA — Mrs. Minnie E. McConner, 89, of 337 Fairfield Ave. died at 6:30 a.m. today of arteriosclerosis at the Hutton Nursing Home in Salem where she had resided one month. She had been in ill health several years.

She was born Feb. 15, 1873, in Baden, Pa., a daughter of William and Elizabeth Sheets Myers. She had lived in Columbiana 30 years, coming from Salem.

A member of the First Christian Church, she married Harry McConner in 1895. He died in 1927.

She leaves three daughters, Mrs. Lettie Cline of New Brighton, Pa., Mrs. Irene Knepper of Salem and Mrs. David Wolfgang of Columbiana; two sisters, Mrs. Elizabeth Cupps of West Bridge-water, Pa., and Mrs. Ella Hoening of Monaca, Pa.; one brother, Roy Myers of Beaver Falls, Pa.; six grandchildren and 13 great-grandchildren.

Services will be held Saturday at 1:30 p.m. at the Seedy-Bellhart Funeral Home here, where friends may call Friday evening. Brother Frank Lillie and Brother David Wolfgang Jr. will officiate. Burial will be in Franklin Square Cemetery.

## Mrs. Charles Smith

SHARON, PA. — Mrs. Agnes Roberts Smith, 81, of 596 Sherman Ave., a former Salem resident, died at 3:25 a.m. today at Sharon General Hospital of complications following a long illness.

She was born in England Oct. 20, 1881, and was a member of the First Church of Christ's Scientists in Sharon.

Surviving are her husband, Charles L. Smith; two daughters, Mrs. Muriel Hammond of San Bernardino, Calif., and Miss Velma Smith of Sharon; three sons, John of Cleveland, Logan of Falls Church, Va., and Paul of Sharon; eight grandchildren, and eight great-grandchildren.

Funeral services will be at 2 p.m. Saturday at the Donald Sample Funeral Home in Sharon. Glenn Stewart, leader of the First Church of Christ's Scientists, will officiate.

Interment will be in Graceland Cemetery in New Castle, Pa. Friends may call at the funeral home from 7 to 9 p.m. Thursday and Friday.

## Mrs. Leonhart Heads Church Women's Unit

Mrs. Neal Leonhart of the First Church of the Nazarene was elected president of the Salem Council of Church Women at a recent meeting in the Salvation Army citadel.

Also elected to office were: Vice president, Mrs. Herman Stratton of the First Friends Church; secretary, Mrs. John Hollinger of the First United Presbyterian Church; and treasurer, Mrs. Perry Huffman of the First Christian Church. Mrs. James Semple, Miss Mary Wolcott and Mrs. Orein Naragon comprised the nominating committees.

Mrs. Leonhart presided at the meeting. Scriptures were read by Mrs. Austin Hanna. Miss Elizabeth Wirsching gave the treasurer's year-end report and submitted the budget for the coming year.

Members who will meet at 10 a.m. Thursday in the Westminster House to pack the blankets and warm clothing for the Algerian Project are to bring sack lunches. All those bringing articles to be packed are requested to have them at Westminster House by Thursday noon.

The next meeting will be at 1:30 p.m. Jan. 24, in the Salvation Army citadel.

trade program.

The death of Kerr left uncertain the sponsorship and the fate in the senate of Kennedy's forthcoming tax reduction program.

With Byrd having made it clear he opposes Kennedy's plans for a tax cut without accompanying reductions in spending, administration leaders had hoped to enlist Kerr on their side again, although he, too, had expressed reservations. Sen. Russell L. Long, D-La., ranking Democrat behind Kerr on the Finance Committee, often does not agree with the administration fiscal proposals.

abroad.

The students, ranging in age from 12 to 22, are studying to be rabbis and teachers. The 57-acre campus includes facilities for high school, college and post-graduate work.

Many of the boys raced out of the flaming building in their night clothes. They were barefoot and the ground was covered with snow and ice. Temperatures were sub-freezing.

Abraham Satz, 14, of Buffalo, N.Y., cut his hand when he broke a window to get out.

The students who fled gathered in the high school to get warm. A rabbi led them in prayers and chants.

Emergency housing measures were in effect. Scores were lodged in a gymnasium, where the Red Cross set up cots and provided blankets. Some were to stay in faculty homes.

Late Thursday night the Board of Sponsors of the school met and ordered students evacuated from the top floor of another frame dormitory similar to the one destroyed. It is located some 500 feet away.

Gerson Adler, a board member, said those students would be housed elsewhere until a safety check is made of that 2½-story building. He said the board also approved a \$500,000 building drive for new dormitories. An appeal for funds will be made in this country and abroad, he added.

## Two Drivers Cited Following Accident

Ralph Blackburn, 40, of 128 W. 2nd St., was charged with driving while intoxicated following an accident at 10:30 p.m. Tuesday at the corner of E. 3rd St. and N. Lincoln Ave.

A car operated by Leo Edwards, 56, of RD 4, Salem, going north on N. Lincoln, was stopped at the traffic light when it was struck from behind by a car driven by Blackburn, police said.

Blackburn is scheduled for a hearing in Mayor Dean B. Cramer's court today. Edwards will appear before the mayor this evening for driving with an expired license.

Wisconsin's Rousing Rally Falls Short In Rose Bowl

Unbeaten USC Triumphs 42-37 'Ole Miss', 'Bama', LSU Post Victories

By JIM BECKER Associated Press Sports Writer

"We almost blew it, like the Dodgers."

That's how one of the Southern California players summed up his team's close call in the Rose Bowl Tuesday when Wisconsin turned a runaway into a gasper, before the Trojans finally emerged with a 42-37 victory in the highest scoring of all the 49 battles in the Pasadena, Calif., arena.

Southern Cal protected its No. 1 national ranking against the second-ranked Badgers by running up a 42-14 lead early in the fourth quarter, but Wisconsin stormed back with a fantastic 23 points in the final period to shake up the crowd of 98,698 at the oldest of JFK At Orange Bowl the bowl games.

In the other three bowl battles New Year's Day, Mississippi topped Arkansas 17-13 in the Sugar Bowl at New Orleans, Louisiana State trounced Texas 13-0 in the Cotton Bowl at Dallas and Alabama rolled to a 17-0 decision over Oklahoma in the Orange Bowl at Miami before a crowd that included President Kennedy.

The Trojans escaped with their 10th Rose Bowl victory in 13 tries, but not before Wisconsin quarterback Ron VanderKelen led the Badgers to a great last gasp effort.

Wisconsin took its third Rose Bowl loss, and remained the only Big Ten team to play in the bowl without winning. The Badgers have now absorbed three of the four Big Ten losses since the conference began going to Pasadena in 1947.

The Trojans, who share a home town with the Los Angeles baseball Dodgers and who almost shared their fate of blowing a big lead, got off in front before the day's biggest crowd on the first of four scoring passes by Pete Bearthard.

VanderKelen Leads Rally VanderKelen passed the Badgers into a tie in the first quarter, but that was the last time the Big Ten team got close until the last quarter. When all appeared lost, VanderKelen led Wisconsin back with three touchdowns and a safety. He threw for two TDs, one to All-American end Pat Richter.

The Trojans finally ran out the clock on three line plays and a punt. The point total was the highest ever in a Rose Bowl eclipsing the 61 scored in 1930 when Southern Cal defeated Pitt 47-14.

The Sugar Bowl victory was directed by quarterback Glynn Griffing, who signed a contract with the New York Giants right after the game. The score was tied twice, at 3-3 and 10-10. Griffing hit Louis Guy with a 33-yard pitch for one touchdown and scored the other himself from the 1-yard line.

Irwin Boots Field Goal Billy Carl Irwin kicked a 27-yard field goal for Mississippi and Tom McNelly booted two field goals for Arkansas.

Mississippi, the No. 3 team in the country, completed its first perfect season in history, against the No. 6 Razorbacks.

Louisiana State, ranked seventh completely stifled No. 4 Texas. No team had scored on the ground against LSU in its last 17 games and the Longhorns never looked like the team to break the string.

Lynn Amadee, named the outstanding back of the game, kicked field goals of 23 and 37 yards, around a third period touchdown scored by Jimmy Field on a 22-yard run.

All-American center Lee Roy Jordan did the major wrecking job for No. 5 Alabama over No. 8 Oklahoma at the Orange Bowl. Sooners Fumbles Hurt

He banged Sooner fullback Jim Grisham loose from the football twice within the Alabama 10-yard line in the first half, and his mates recovered both fumbles. Oklahoma was unable to mount an effective offensive after that, though the Sooners went into the game with the second best rushing attack and the third best total offense in the nation last season.

Joe Namath, the smooth 'Bama quarterback had a hand in both the Tide touchdowns. He pitched to Dick Williamson for 25 yards and hit Cotton Clark on a pitchout that was good for 15 yards and the second score.

Tim Davis added a 19-yard field goal in the third period.

Griffin Inks Pact With Giants

NFL Signs College Stars Following Bowl Contests

By MIKE RATHET Associated Press Sports Writer

Money talks. And that was no whisper. The National Football League was using at the New Year's Day bowl games, flashing fancy figures that lured prized players Glynn Griffing and Jerry Stovall away from the rival American League.

As a matter of fact, it was the kind of day that left outspoken Harry Wismer, owner of the AFL's New York entry, groping for words.

Griffing, a sharp passer and shrewd signal-caller who was tapped for stardom as a junior when he was selected as a future pick by both leagues, signed with the New York Giants of the NFL minutes after leading undefeated Mississippi to a 17-13 victory over Arkansas in the Sugar Bowl.

Cards Sign Jerry Stovall Stovall, hard-running All-American back and the No. 1 horse in Louisiana State's stable signed with the NFL's St. Louis Cardinals at the 40-yard line immediately after the Tigers' 13-0 triumph over Texas in the Cotton Bowl.

Griffing and Stovall both were sought by the AFL's Houston Oilers. The Oilers also lost Stovall's teammate, tackle Don Estes, who went to the Cards.

Houston reversed the tables somewhat by grabbing its No. 1 pick, Arkansas fullback Danny Graham, and Oklahoma halfback Paul Lea, who was signed at the Orange Bowl after a 17-0 loss to Alabama. Both were selected by St. Louis in the NFL draft.

Minnesota Gets Ray Poage Texas fullback Ray Poage went to Minnesota of the NFL, Oklahoma tackle Duane Cook made the Cards his choice, Mississippi back Chuck Morris decided on NFL champion Green Bay, Rebel tackle Jim Dunaway said he was committed to Buffalo of the AFL and Arkansas back Jessie Branch picked Calgary of the Canadian League.

Griffing and Stovall were the big catches as the pro loops dropped their bait, but there was quite a bit of talk about the one that got away—Ron VanderKelen, the Wisconsin quarterback who starred for the Badgers in a 42-37 loss to Southern California in the Rose Bowl.

VanderKelen Left Off Lists All 14 NFL clubs left VanderKelen off their draft lists. And that's what made Wismer speechless. He had just learned his club held draft rights to VanderKelen.

"He's ours, really?" asked Wismer. Assured that he was the Titans' No. 21 draft choice, Wismer said: "You can say, right now that I'll be willing to give him a five-year contract at \$25,000 a year. If the club is sold soon, I'll recommend that the new owners offer it to him. He'd be cheap at that price."

Cincy Risks Win Streak At Houston

By ED CORRIGAN Associated Press Sports Writer

The last time Cincinnati was beaten, the Bearcats had run up a record of 27 straight victories. Now they've reached 27 games without a loss again and tonight take on Houston at home.

It was in Dec. 1961 that Coach Ed Jucker's two-time NCAA champions were ambushed by Wichita, 52-51. Since then, except for a loss to Bradley they have mowed down all their opposition, including dreaded Ohio State in the NCAA finals.

Houston shows a mediocre 7-5 record, but the Cougars lost two of their games in overtime—to Michigan and, in the Sugar Bowl Tournament, to Auburn — and could be tough.

Jucker is worried, too, over the condition of 6-foot-8 Dale Heidotting, who injured an ankle last week and probably won't play. This is the final non-league game for the Bearcats. No. 1 in the current Associated Press poll, before they begin Missouri alley operations Saturday against all teams—Wichita.

Duke is the only other ranked team scheduled to play tonight. The Blue Devils, No. 7, with high hopes of sweeping through the Atlantic Coast Conference, play Virginia on their home court and should have no trouble.

Georgia Tech, a team to be reckoned with in the Southeastern conference puts its undefeated (7-0) record on the line at home against the Air Force Academy in its final warmup before starting league action against Kentucky Saturday.

In other major games tonight, Brigham Young is at Memphis State, Yale is at North Carolina, Cornell is at North Carolina State, Florida State is at Tennessee, Indiana plays giant-killer Notre Dame (the Irish knocked Illinois in its final warmup before starting league action at Purdue).

VanderKelen, Bearthard Named Rose Bowl MVPs

Badgers Hailed For Wild Finish

By DAVE O'HARA

Associated Press Sports Writer PASADENA, Calif. (AP)—Southern California reigned as a battered but unbowed national football champion today while Wisconsin's battling Badgers were hailed in defeat for the wildest finish in Rose Bowl history.

The Trojans, ranked the nation's No. 1 collegiate power after 10 straight 1962 victories, surged to a 42-14 lead early in the fourth period and then hung on for a 42-37 decision Tuesday as time ran out on the Badgers in the 49th annual classic.

"What I wouldn't give for just one minute more," said Wisconsin Coach Milt Bruhn, who beamed with pride over his team's 23-point comeback in the closing minutes.

"The clock simply ran out on us." Apparently hopelessly beaten after Southern Cal scored its sixth touchdown in the opening seconds of the final quarter, the Badgers refused to quit and rallied for three TD's and a safety. The Trojans, shocked and bewildered, were like warriors caught in a stampede, but time was in their favor.

Seis Total Offense Record Ron VanderKelen, a senior quarterback who set a total-offense record for the Rose Bowl, passed 19 yards to All-American end Pat Richter to draw Wisconsin with six points with one minute and 19 seconds to play. Gary Kroner then added his fifth

conversion boot, raising his consecutive string for the campaign to 32, before he tried an on-side kickoff.

Southern Cal guard Pete Lubisch wrecked the Wisconsin strategy by recovering on his 41. Three plays resulted in a net loss of seven yards and Ernie Jones stepped back to punt. His kick nearly was blocked and the gun sounded before the teams could line up.

Trojan Coach John McKay appeared more like a dejected loser and Bruhn more like a victor after the game. Bruhn, especially, had reason to be sad as Wisconsin failed in two previous trips to the Rose Bowl—losing 7-0 to Washington in 1953 and 44-8 to Washington in 1960.

Use Ran Out of Tackles "We just ran out of tackles," McKay moaned. "We had no tackles. We had guards playing tackle in the second half. Gary Kirner had an accident in his hotel room and tore a couple of his fingers. We kept it a secret. And then Mary Maronovich got tossed out of the game for hitting someone near

the end of the first half. Our man behind Maronovich, Mike Gale, was out with a broken neck. We just didn't have the tackles."

Bruhn was disturbed by what he felt was a quick whistle that cost the Badgers a fumble recovery on the Trojan 30 with Wisconsin trailing only 14-7 in the second period. Two plays later Southern Cal scored on a 25-yard dash by Ron Heller, who only last Thursday suffered what was described as "possible a serious knee injury."

Throws For 401 Yards VanderKelen and his Southern Cal counterpart, Pete Bearthard, were voted co-winners of the Player-of-the-Game award. Vandy, named the Big Ten's most valuable player after he led Wisconsin to the nation's No. 2 ranking with an 8-1 record, set a Rose bowl total offense mark of 406 yards, including 401 yards on 33 pass completions in 48 attempts. Bearthard established a record for the classic by hurling four touchdown passes while completing 8 of 12 tosses for 190 yards.

These immense dug wells can dump acid wastes into any stream of water, kill more fish than any individual would catch in a life time and not be fined one penny. So you see there are laws and more laws, some enforceable, others practically unenforceable for many reasons that I could never explain to anyone's satisfaction including myself. The big mechanical "pick and shovels" seem to be here to stay.

LSU, Texas Get \$175,000 Apiece For Bowl Clash DALLAS (AP)—Louisiana State and Texas each received \$175,000 for playing in the Cotton Bowl but the Louisiana school will get to keep a larger hunk of its check.

The Tigers won the New Year's Day game 13-0. LSU will retain \$100,000. The remaining \$75,000 goes to the Southeast Conference commissioner who will split it 12 ways, giving a share to the 11 other members in the loop and keeping one share for the commissioner's office. Each share will be about \$6,250.

The University of Texas will keep \$60,000 plus \$1,500 for travel expenses. The remaining \$113,500 will be divided among the eight members of the Southwest Conference, including Texas. This means \$14,187 for each member. Texas' share in this division will boost its total take to \$75,687.

South Squad Starts Drills For Pro Bowl MOBILE, Ala. (AP) — South Coach Weeb Ewbank expected a full complement of players for a morning workout today—the first of several two-day drills leading to Saturday's Senior Bowl football game.

The North team is already at full strength but some Rebel squadmen were unavailable until today because of other bowl commitments.

Hey, Harry. Did you know that when you get your '63 Dodge you get a 5-year or 50,000-mile warranty on all major parts and labor, and you only have to get the car checked twice a year...and you can do it at state inspection time? That Dodge is indubitably the best car buy of the year.

You're Dodge-gone-right, George... indubitably.

FIVE-YEAR/50,000-MILE WARRANTY. Your authorized Dodge Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first; on the engine block, head and internal parts; transmission case and internal parts; torque converter, drive shaft, universal joints (excluding dust covers); rear axle and differential; and rear wheel bearings—provided this vehicle has been serviced at reasonable intervals according to the Dodge Certified Car Care schedules.

## OU, BG Cagers Tied In MAC Race

# Ohio Colleges Eye Loop Titles

By THE ASSOCIATED PRESS

The glitter and drama of collegiate basketball's holiday tournament is over. Now Ohio's hoopsters settle down to the all-important task of battling it out for league championships and spots in the post-season NCAA and National Invitation tournaments.

The Buckeye teams ease gently this week into their free-for-all efforts to hammer out trophies for themselves. Thirty-two games are scheduled for the remaining four days of this week, but only 11 of them are league games.

Only one conference in the state moment.

In the Mid-American Conference, Bowling Green and Ohio University are tied for the top spot with 1-0 records, a situation which won't last long. The Bobcats invade the Bee-Gees' court Saturday in a contest which could ultimately decide the champion-

ship and the slot in the big NCAA tournament that automatically goes with it.

Although it seems unlikely, Bowling Green could relinquish its share of the lead before the Saturday meeting with the Bobcats. The Falcons take on Western Michigan in a league battle tonight, and a home court defeat would put the Falcons a half-game behind the Bobcats.

**3-Way Tie In Ohio Loop**  
The Ohio Conference is knotted up three ways with Akron, Ohio Wesleyan and Wittenberg all straining at their bits to burst out in front. Both Wittenberg and Akron play two games this week, but only Wittenberg lays its claim to the league lead on the line—in a game Saturday against invading Muskingum. The Tigers warm up for the game tonight by play-

ing host to Central State in a non-league bout.

Ohio Wesleyan takes on Ohio University in an intersectional fray tonight, and Akron, on a visit to the nation's capital, battles Catholic University Friday and American University Saturday.

**Wilmington Leads Mid-Ohio**  
The Mid-Ohio Conference is the only Buckeye circuit which currently has a team on top of the pack. Wilmington (2-0) is out in front, with Defiance right behind with 1-0. Both teams play non-league games Saturday, with Ashland invading Wilmington and Goshen (Ind.) at Defiance.

Of course, all Buckeye fans are game between Ohio State and Minnesota—a contest which marks the start of play in the Big Ten.

OSU Starts Big 10 Slate  
Ohio State, now 7-1 for the season, completed its preliminary skirmishing New Year's Eve with a 79-1 victory over Brigham Young and now sets its sights on championship. Minnesota brings a 4-6 season record to the Buckeye lair Saturday.

Other highlights this week include Houston at Cincinnati tonight, Dayton at Xavier Thursday and Wichita at Cincinnati Saturday.

**10-DAY SPORTS SHOW**  
NEW YORK (AP)—The National Sports, Vacation and Travel Show has been so popular that the sixth annual event will run 10 days beginning Feb. 22 in the New York Coliseum.

Topics of Interest  
To Farmers; Notes  
About Meetings

By OVID A. MARTIN

WASHINGTON (AP) — A decision by Secretary of Agriculture Orville L. Freeman to bring the Extension Service under the same department tent with the politically oriented farm aid programs is expected to bring repercussions in Congress and in some farm groups.

The Extension Service, the educational arm of the department, has been placed under direct supervision of Asst. Secretary John P. Duncan Jr., who also has charge of the controversial crop control, price support, surplus management and other farm aid programs. Duncan also has under his supervision the department's broad marketing activities.

In the past, the Extension Service has been separated in the department organization from the so-called economic action programs.

The thing that may set off outside criticism is the fact that Duncan said the Extension Service will be used to help educate individual farmers on the various farm control, price support and related programs.

Heretofore, the Extension Service has generally limited its educational work to passing along to farmers results of agricultural research.

WASHINGTON (AP)—The National Council of Farmer Cooperatives will hold its annual meeting at Miami Beach, Fla., Jan. 7-9.

The council plans to focus its attention on how the farm cooperative can help farmer members adjust to modern-day mechanized agriculture.

WASHINGTON (AP) — An Agriculture Department report today will show how much this year's farm product prices gained over 1961.

To be issued in mid-afternoon, the report will give the level of prices farmers received this month compared with a month ago and a year ago. In November, farm prices were running slightly more than 2 per cent above year earlier levels and nearly 3 per cent above two years earlier.

But much of the gain to November had been offset by increases in prices farmers paid for goods and services used in production and family living. These latter prices were running 1.6 per cent higher in November than at the end of 1961.

Farm prices were averaging 80

JUD C. CHAPPELL, 911 Franklin Ave., (l.) and Clyde B. Hess, 691 N. Ellsworth Ave., are presently at home on leave from the Army.

Chappell enlisted in August and was sent to Ft. Jackson, S.C. for basic training. He was then sent to the Army Brooke Medical Center, Ft. Sam Houston, Texas, where he is undergoing special training in the pharmacy field.

Hess enlisted in September and was sent to Ft. Knox, Ky. for his basic training. He was then sent to Ft. Belvoir, Va., where he is undergoing special training in topographic surveying.

Both are 1962 Salem High School graduates.

## No Headway Seen In Paper Strike

CLEVELAND (AP) — A unity committee representing 10 newspaper unions says several of the unions will not go back to work at Cleveland's two strikebound daily newspapers until they have new contract settlements.

Charles Thomson, chairman of the committee, pointed out Tuesday night that the contracts of six

non-striking unions have expired and said, "The publishers will have to settle favorably with these other unions before newspapers can be published again."

He is secretary-treasurer of the contract with the morning Plain Dealer and the afternoon Press and News expired Nov. 30.

The papers have not published since Teamsters Local 473 started picketing the two plants the night of Nov. 29. The Cleveland News-

paper Guild joined the walkout the following day.

A holiday recess in negotiations with the Guild ends today. Bargaining teams for the Guild and the papers are scheduled to resume talks at 2:30 p.m. The two groups have not met since Saturday afternoon.

No date has been set for resumption of negotiations with the Teamsters.

### Berry Growers to Meet

The Columbiana - Mahoning County Berry Institute will be held Jan. 15 at the Washingtonville Methodist Church beginning at 10 a.m., according to Don Myers, county extension agent in agriculture.

Several well-known berry growers will be present at the institute, including Richard Allen of Salisbury, Md.

A large number of berry producers is expected to attend the event, sponsored by the cooperative extension service of Columbiana and Mahoning Counties.

### Peace Corps Projects

Applications are now being taken for a 44 peace corps projects for 1963, according to Don Myers, county extension agent in agriculture.

Approximately 142 volunteers are needed for the projects and applications are available at the Columbiana County farm extension office in Lisbon.

The forms must be completed and returned to the peace corps office by April 15. Applications do not obligate the applicants in any way, Myers said.

### Three Accidents Probed by Patrol

State highway patrolmen of Lisbon investigated three minor accidents on New Year's Day. All five automobiles involved were damaged.

Mary Gallo, 42, of RD 5, Lisbon, and George R. Lutsch, 24, of Sebring, were drivers of cars which collided on Route 164, one and three tenths miles north of Lisbon, at 7:30 p.m. Mrs. Gallo suffered a possible back injury.

Cars operated by James Gerber, 18, of RD 2, Salem, and Bernard L. Ostrosky, 47, of RD 1, Valley Road, Salem, collided at 1:40 a.m. on County Road 405 two tenths of a mile south of Route 62.

At 4:40 p.m., an automobile driven by Richard John Hary, 22, of 485 Aetna St., going north, went off the right side of the road into a snowbank on Depot Road, nearly four miles south of Salem.

Great wagon trains were funneled from Independence, Mo., over the plains and Rockies to Astoria, Ore., on the Oregon Trail. Some 1,000 men, women and children, with 5,000 cattle, made up a single caravan in 1843

## Cooking Is Fun

By Cecily Brownstone

When measuring nutmeats, including coconut, do not pack down in the measuring cup.

Always scrub that orange or lemon, then dry thoroughly, before you grate the rind.

You can remove every last drop of melted chocolate from the container in which it was melted if you use a narrow rubber spatula.

If you've made up a batch of refrigerator cookie dough and it is too soft to shape into a roll, refrigerate the dough and then shape. Wrap the roll tightly and refrigerate until very firm before slicing and baking.

As soon as a custard that's cooked in a double-boiler on the top of the range is ready, place the custard over cold water to stop the cooking.

Unflavored gelatin is sprinkled over cold water to allow the granules to swell. Then when hot liquid is added to the swollen granules and the mixture is stirred, the gelatin disperses evenly.

Fudge made with brown sugar may be prevented from curdling at the beginning of its cooking by constant stirring.

When fudge, after cooking, is cooled to lukewarm before beating, it should be at 104 degrees on a candy thermometer.

When you are soft or hard-cooking eggs, use a saucepan that is large enough to allow you to cover the eggs with an inch of water.

Food budgeting? Use high-quality eggs for cooking in the shell, poaching, shirring and frying. It's both economical and satisfactory to use lower-quality eggs in many "made" dishes.

When there's a little red or white wine leftover, it will add a wonderful flavor to skillet or oven cooked sauerkraut.

### SAVORY ROAST LAMB

5 to 6 pound leg of lamb, 1 large garlic clove, 1 teaspoon salt, 1/4 teaspoon pepper, 1/4 teaspoon powdered rosemary, 1/4 teaspoon garlic salt, 1/2 teaspoon paprika.

Have fell (thin tough outer covering) on leg removed. Make about 6 small incisions, at even intervals, in top of lamb through fat and tuck pieces of the garlic clove into them. Mix remaining ingredients; rub over entire surface of leg. Roast according to favorite directions. If there is time to do so, separate drippings from fat in pan and pour drippings over meat.

### MOCHA BUTTER CREAM

1/2 pound (2 sticks) sweet butter, 1/2 cup sifted confectioners' sugar, 2 teaspoons strong coffee infusion, 1/2 teaspoon pure vanilla extract, 1 tablespoon dark cocoa powder.

Cream 1/2 pound sweet butter until it is light. Add very gradually 1/2 cup 4X fine sugar and cream together until the mixture is smooth and fluffy. Stir in 2 teaspoons strong coffee infusion and 1 tablespoon dark cocoa.

### CURRY BURGERS

1 pound ground beef, 1/2 teaspoon salt, Pepper to taste, 1 1/2 teaspoons curry powder, 1/4 teaspoon onion powder.

Mix together the beef, salt, pepper, curry powder and onion powder. Form into 3 large or 4 small patties. Brown rapidly on both sides in a small amount of fat or oil; reduce heat and cook to desired doneness, turning to cook evenly if necessary.

Remove from skillet; add a very little stock or water to pan and stir to get up drippings; make very hot and pour over burgers. Makes 3 to 4 servings; double recipe if necessary.

### BROCCOLI SOUFFLE

3 tablespoons butter or margarine, 3 tablespoons flour, 1 cup milk, 3 large eggs (separated), 1/4 teaspoon salt, 1/4 teaspoon pepper, 1 cup finely-chopped well-drained cooked broccoli.

In a saucepan over low heat melt the butter; stir in the flour. Add the milk; cook and stir constantly over moderately low heat; heat until thickened and bubbly. Remove from heat; gradually and vigorously stir into slightly beaten egg yolks. Mix in salt, pepper and broccoli. Beat egg whites until they hold slightly tipping peaks; fold in broccoli mixture.

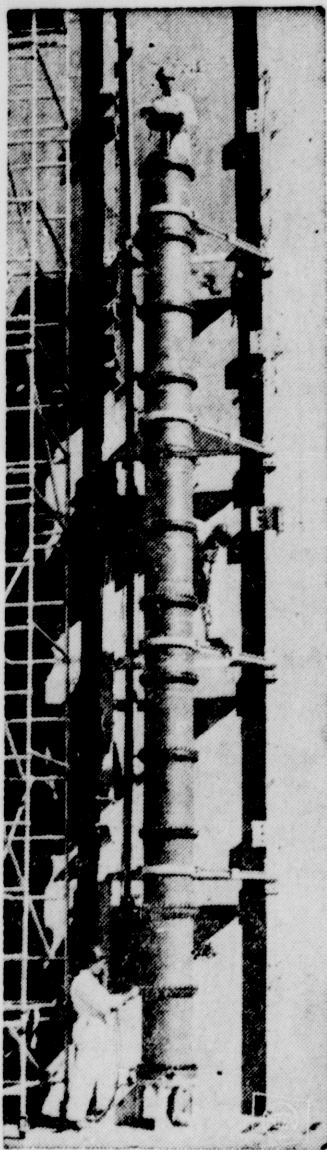

Turn into an ungreased 1-quart souffle dish; bake in a slow (325 degrees) oven 45 minutes. Serve at once. Makes 4 servings.

### LIVER LYONNAISE

1 pound baby beef liver (sliced 1/4-inch thick), 1 teaspoon salt, 1/4 teaspoon pepper, 2 medium onions, 2 tablespoons oil or shortening, 1 tablespoon flour, 1 chicken bouillon cube dissolved in 1 cup boiling water, 2 tablespoons parsley.

Cut liver into strips about 2 inches long and 1/2 inch wide; sprinkle with half the salt and pepper. Peel and quarter onions; slice into thin strips. In a large skillet (about 10 inches) heat the oil over moderate heat; add liver; cook until it loses its red color, turning with a wide spatula.

With a slotted spoon remove liver and keep warm. Add onions

to skillet; over low heat stir with a wooden spoon to get up drippings and color onions golden; stir in remaining salt and pepper and the flour.

Add bouillon and vinegar; cook and stir constantly until sauce thickens; boil gently for 5 minutes or so. Add liver and parsley; mix and serve. Makes 4 small servings.

## THERON'S

I.G.A. COUNTRY STORE

Columbiana, Ohio

Daily 6 A.M. to 1 A.M. — Open Noon Sundays.

The answer? A year of continuing general prosperity, of continuing high business activity, but no soaring upswing.

In short, neither bust nor boom. Even at that, the prospect is much better than it was a few months ago when businessmen, economists, and some government spokesmen freely predicted an early recession in 1963.

But a late pickup in business activity, the prospect of a tax cut, high auto sales, higher consumer spending, and a restoration of national confidence as a result of the Cuban crisis, brought about a new reevaluation for the year.

The gloom of late summer and early autumn has disappeared. The pessimists have retreated. And the widespread talk of recession is no longer to be heard.

The X factor in how the economy performs next year is the tax cut.

President Kennedy has promised a slash in corporate and individual taxes. He has been joined in this by leading members of this administration and by a great majority of the business and financial communities.

But how much the tax cut will be, what form it will take, and just who will benefit from it are still unclear.

Kennedy himself has not spelled it out. Some powerful congress-

sional forces already have objected to a quickie reduction, some demanding concomitant drops in federal expenditures to make up for the loss in revenue, others saying the economy is healthy enough.

The argument for a tax cut is that it is needed not so much to forestall a possible recession but to jog the economy out of its sluggish rate of growth by pouring more money—both corporate and consumer—into it.

"While the economic activity is encouraging," Secretary of Commerce Luther H. Hodges said recently, "the pace is not satisfactory."

A tax cut is needed, he declared.

These sentiments were echoed in part by Ladd Plumley, president of the U.S. Chamber of Commerce.

Pointing out that 1962 was a good year—but not good enough—he stated that a prompt tax cut early next year "could go a long way toward restoring a more satisfactory economic growth."

Even without a tax cut, there were many businessmen who saw bright things ahead for 1963.

"The midsummer hesitancy of business and individuals to make commitments seems to be behind us somewhat," said Ralph Cordier, chairman of General Electric Co. "People are moving ahead with more assurance."

Automobiles also see a banner year for their industry, which has recently become the bellwether of the economy.

On a statistical basis, government economists expect the gross national product—the value of all goods and services—will total \$575 billion to \$580 billion in the year ahead.

This will be a record, about \$25 billion above 1962. The economists also predict the GNP may move up to a rate of around \$600 billion by next new year's.

Also giving encouragement is the fact that the construction industry, one of the leaders of the economy in recent years, promises to go along at record levels again next year.

Looming large over the economic picture, like an ominous dark cloud, is the question of unemployment.

There is little likelihood that this perplexing problem will be any less so next year. Economists believe the foreseeable business expansion should just about offset the growth of the labor force, leaving the jobless somewhere near the 5.5 per cent level of 1962.

What kind of year was 1962? A good one by all yardsticks, a year that would have given comfort any other time.

But it fell far short of what was expected of it as 1962 dawned. The best description for the economy during the 12 months past was sluggish.

### Franklin Trustees To Reorganize Monday

Franklin Township trustees authorized payment of bills totaling \$4,618 and transacted other year-end business when they met Monday night at the township hall.

The trustees will hold their reorganizational meeting Monday. Trustees are Forrest Thompson, Paul Dowdell and John Wargo. Miss Coletta Kelly is clerk.

## New TV Programs Usually Use 'Recipe' Of Old Show

By CYNTHIA LOWRY  
AP Television-Radio Writer

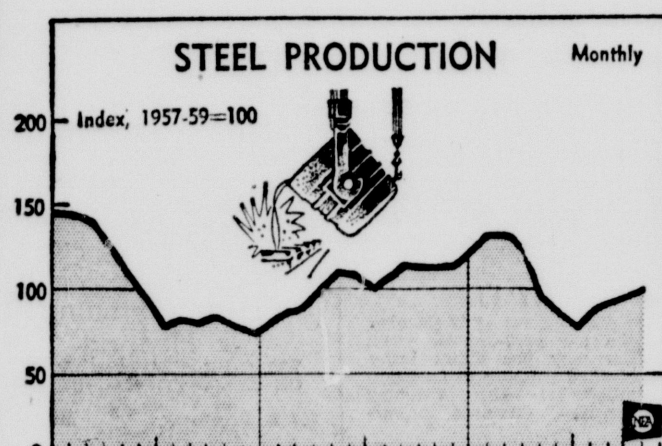

NEW YORK (AP)—A cookbook writer once explained that the way most "new" dishes are developed is by adding an extra ingredient to an old recipe or by substituting one thing for another—nutmeg for cinnamon, for instance.

Arline Francis, a good gameswoman who can be counted upon for amusing side remarks, was captain of a team of three. The other two players were, as in all good television games, chosen from the studio audience. Skitch Henderson captained the rival team.

Leader Gene Rayburn, in one round, instructed each player to write the name of a "game played on grass." Members of Henderson's team picked golf, croquet and football. But Miss Francis and another member of her team chose tennis, which constituted a "Match" and a "win."

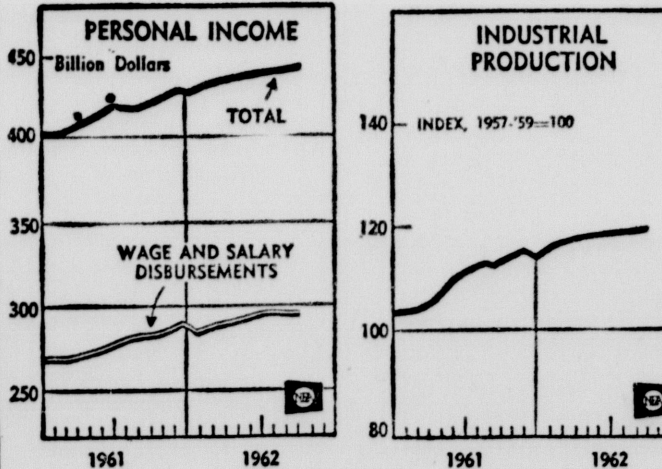

Now still another variation of the good old recipe has been launched, "The Match Game." It will be available hereafter daily from 4 to 4:25 p.m. (EST) on NBC.

The first game was played on Monday and if you like "Password" you'll probably like this one too.

**POURING BETTER, NOW** — Steel production, as determined in ingots and steel for castings, was on the increase as the industry approached year's end. Data, figured on a 1957-59 index of 100, is from the Commerce Department.

### PERSONAL INCOME

**UP-UP-UP**—Total personal income flirted with the \$450 billion mark going into October. Dots on total personal income line indicate March and July '61 government insurance dividend payments. Data: Commerce Department.

the complicated scoring, the usual buzzers, bells, gadgets and chit-chat. It's an innocuous time-killer and obviously will not do much to lift daytime television levels.

Recommended tonight: "The First Lady," CBS, 7:30-8 (EST)—first of a series about wives of presidents from Washington to Kennedy.

**A word from THERON at the Country Store**

We have a fellow who comes in here, he likes to kid people. He went into a chain store and said to one of the girls, if it wasn't for Theron you people would have more business. She replied, he is on his last leg.

By the way did you know that chain store sales are down 3.1% over a year ago. Independent grocery stores are up 3.9% over the same period. Perhaps people are getting tired of paying for trading stamps.

**Matter of Fact**

Umbrellas and rain go together like ham and eggs. But the original purpose of the umbrella was that of a sunshade, and as such it was used by the Egyptians and the Greeks. During the Middle Ages the umbrella disappeared. When it reappeared in the 16th century it was regarded by the Pope and clergy as a symbol of distinction and power.

Meredith.

The early practice of the House  
of Representatives was to appoint  
select committees for every bill  
with specific instructions on au-  
thorities and duties. Today stand-  
ing committees handle this pro-  
cedure.
